

PITO PAKEETO

HIGH-ENERGY PUNK/METAL WITH HEAVY RIFFS AND BIG PERSONALITY

Pito Pakeeto is a five-piece Punk/Metal band delivering explosive live performances built on crushing riffs, infectious grooves, and undeniable energy. Inspired by the crossover attitude of bands like Suicidal Tendencies, D.R.I., Infectious Grooves, and S.O.D., Pito Pakeeto blends punk rock spirit with metal intensity to create a sound that is both aggressive and welcoming.

At its core, Pito Pakeeto is about connection. The band's larger-than-life personality and energetic stage presence create an experience that brings audiences together—whether they're discovering the band for the first time or singing along from the front row. Heavy music doesn't have to take itself too seriously, and Pito Pakeeto embraces that philosophy without ever compromising the power and authenticity of its performance.

Every song, every set, and every show is built around one simple goal: leave people wanting more.
